# Sales Performance Dashboard

## Objective

This dashboard provides an overview of Coca-Cola sales performance across U.S. states. It highlights revenue trends, profitability insights, geographic performance, and operational metrics to support data-driven decision making.

## Key Metrics Explained

- **Total Sales** – Total revenue generated from beverage sales.
- **Operating Profit** – Profit earned after operating expenses.
- **Operating Margin** – Percentage of profit retained from total sales.
- **Avg Delivery Days** – Average time taken to deliver products.
